

Newsletter of the Christian Golf of Central California

While Fresno was searing from its typical summer meltdown, the Christian Golf Club of Central California was able to enjoy the coolness of the Central Coast and had a terrific time playing to club favorites: Morro Bay and Cypress Ridge.

Although the diabolical greens at Morro Bay took its toll on most of us feeble players, the team of Murray/Klein somehow mastered them to shoot a stellar net 67 to barely edge out the Gonzales boys, who shot net 68. Congrats!

Then on to Cypress Ridge it was, as the excitement was evident and the pressure felt, by at least one player, KC Dickie, who couldn't find 3 of his clubs during the round, thinking that somehow he left them on greens or fairways along the way, only to find he left them on the driving range. HELLO McFLY!! Thank goodness Brad was driving us home, otherwise we could've ended up in Coalinga.

Cypress Ridge is such a great course, in great shape and the team of Carlson/Carlson took advantage of these conditions to shoot a phenomenal net score of 65(!), led by the younger Carlson, Luke, who shot a strong 68 to lead his team to victory (club president Brad Fry opted for some urine samples, but was overruled by more level headed board members). Can't really blame him though, as the youngster Luke claims to be an amateur. Hmm! Four strokes back was Ruben Rey with a blind draw as a partner, also played well to wrap up second place with a very respectable net 69.

You know what? What's exciting is that the CGCCC has endured for over 30 years, gathering men and women of God, to enjoy each other's company, and as **Psalm 133:1 states; "How good and pleasant it is when brothers live (and play) together in unity!** What a great example it is, and without a doubt the reason for the club thriving during that time!

On to Sherwood Forest on Saturday, Aug 19th and back into the cauldron of heat; YIKES!!

Look forward to seeing you all there.

Blessings,

KC
